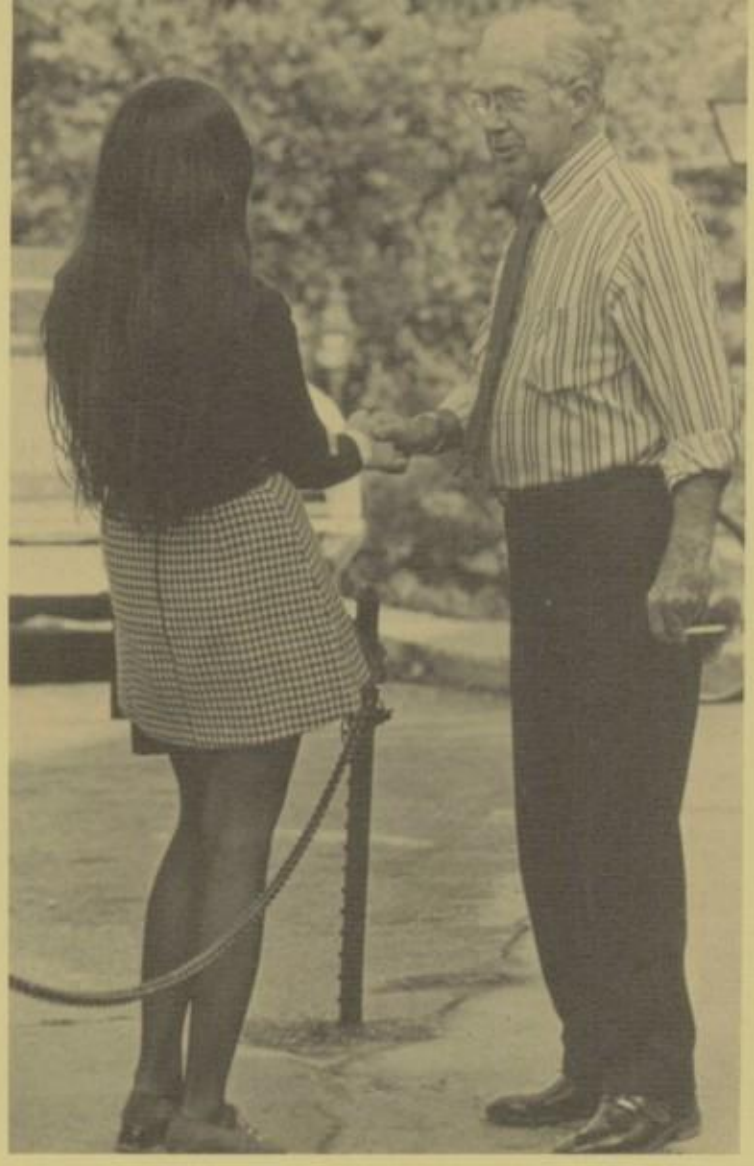
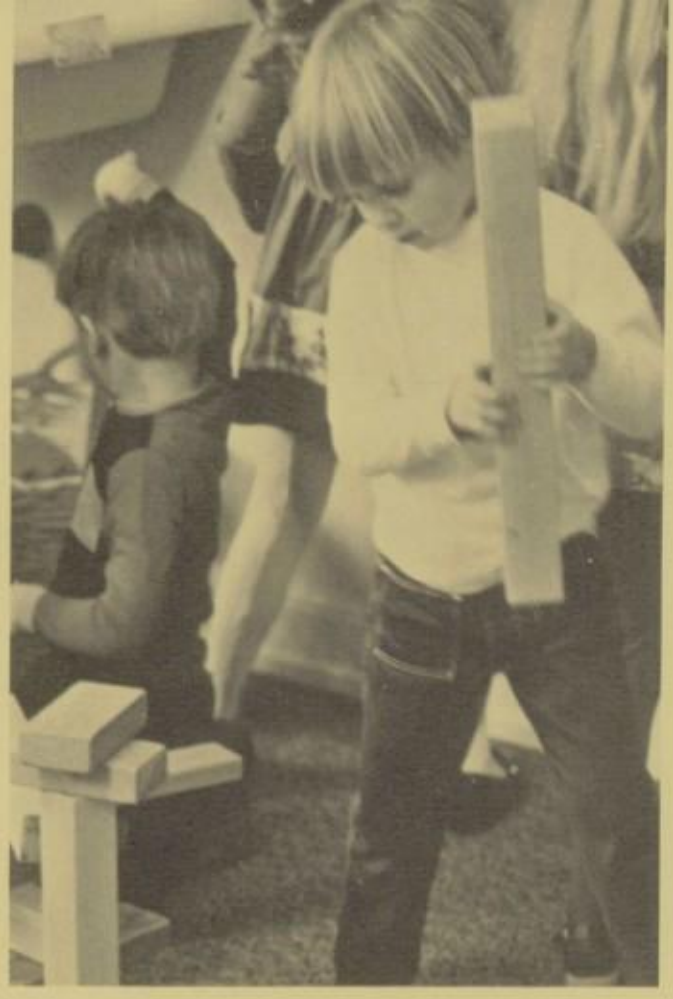
Over the years there has truly been
a family spirit at Pace.
This has been evident in the way everyone
has supported those involved in all activities
and in the cooperation of each member of the Pace family.
This spirit has been something that has always been unique and
dear to those who have experienced it.
For this reason the 1972-73 **Pacesetter** staff
wishes to dedicate this annual
to those who make up the spirit that is
Pace.

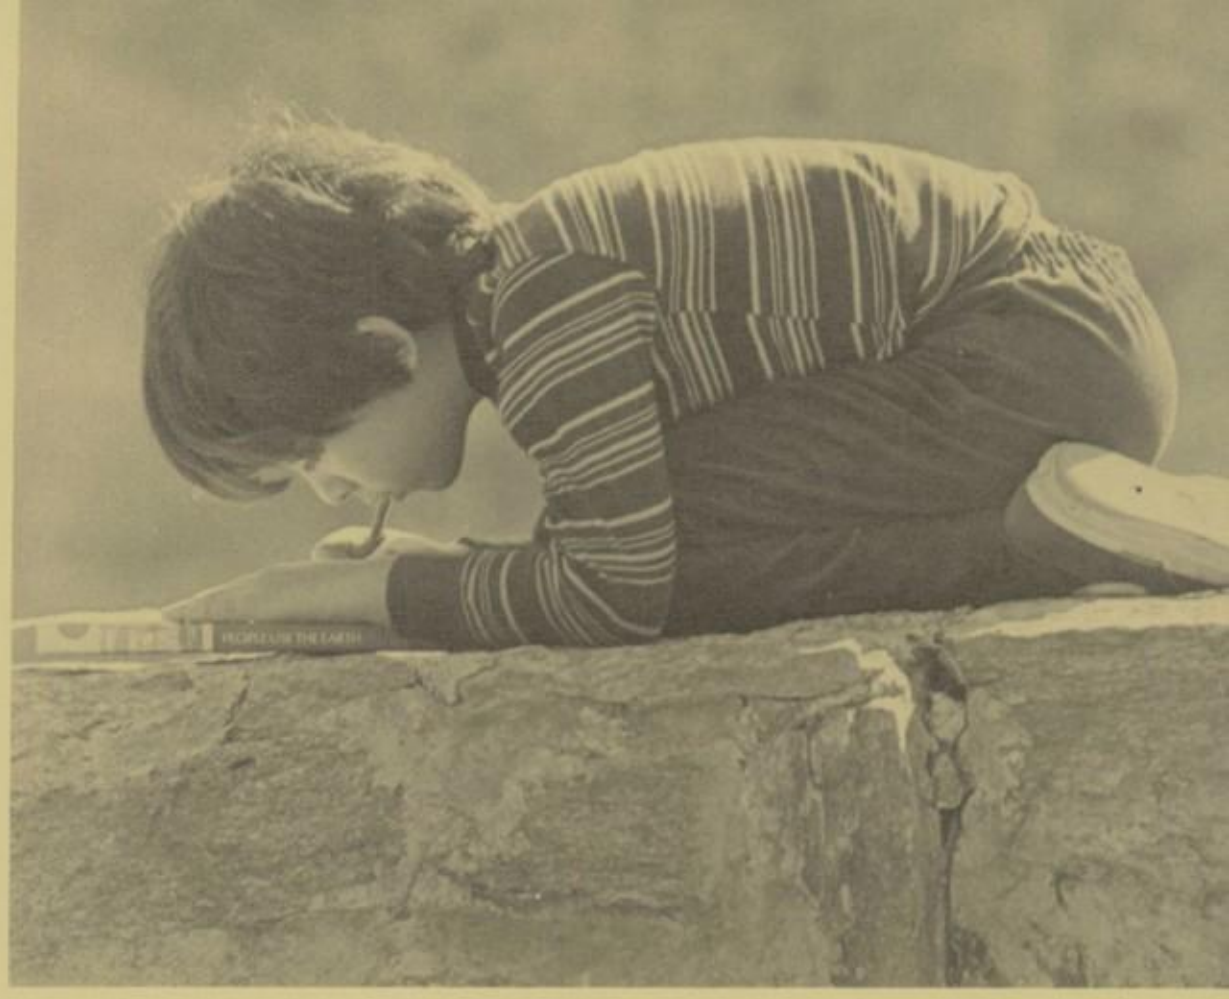


Pace is a big family. Pace is a place for fun and for games! (when your work is done)

Peace Academy

Fun! Happiness!

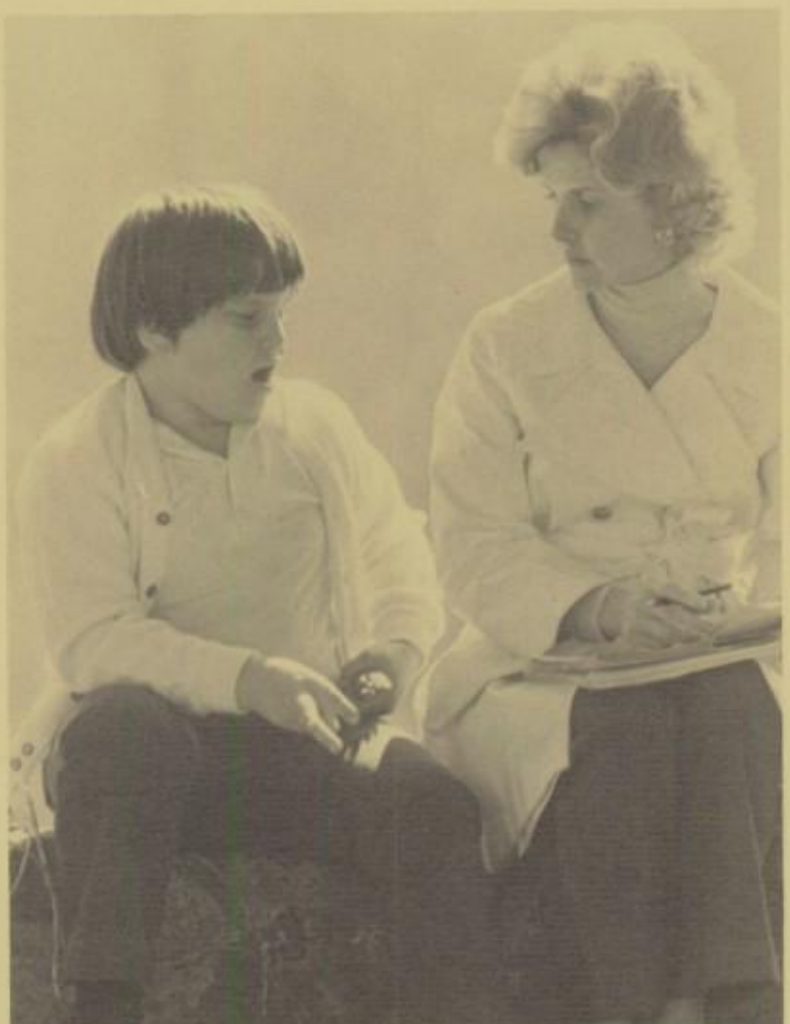


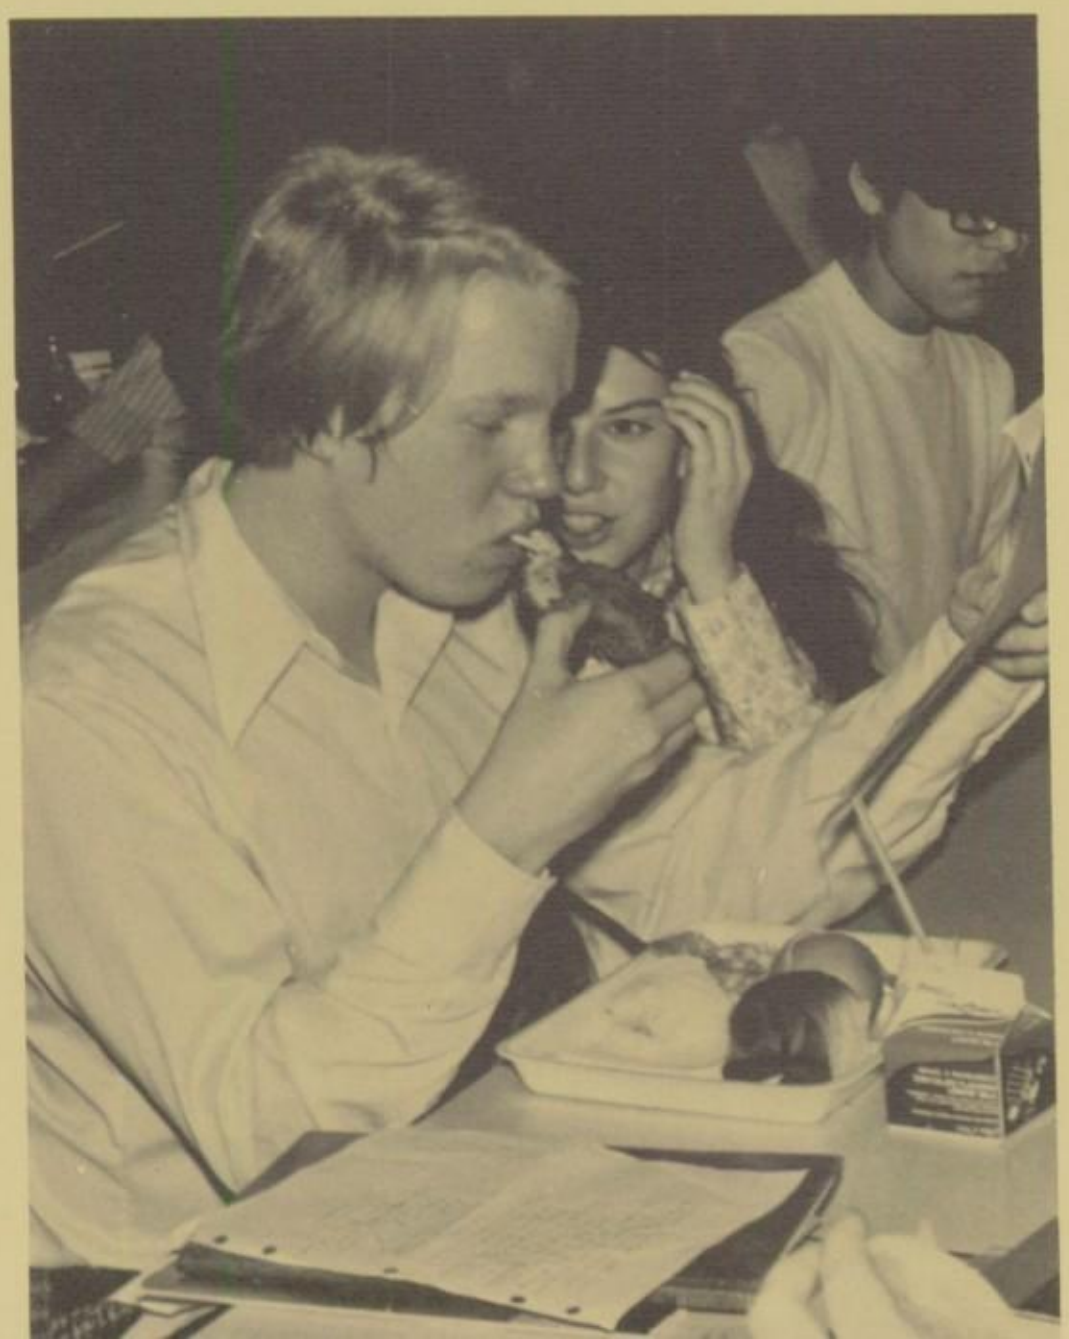


Pace Academy is in the middle of my heart!

I wish that I could stay here till twelfy grade.

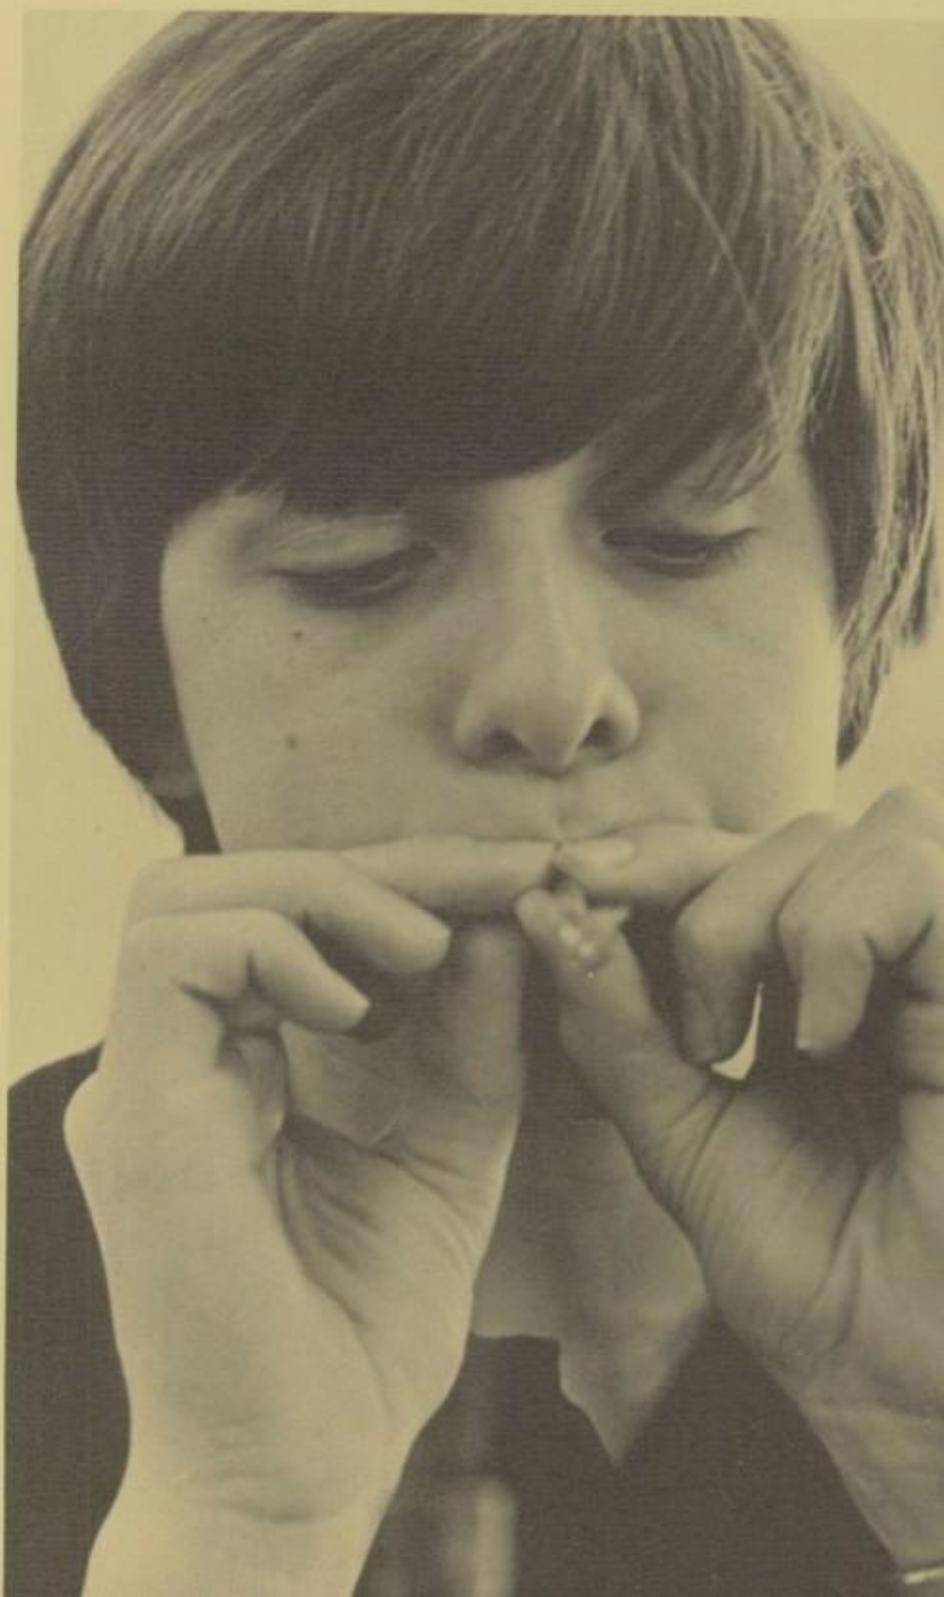
I think the teachers are understandable and are fair in things that need solved.



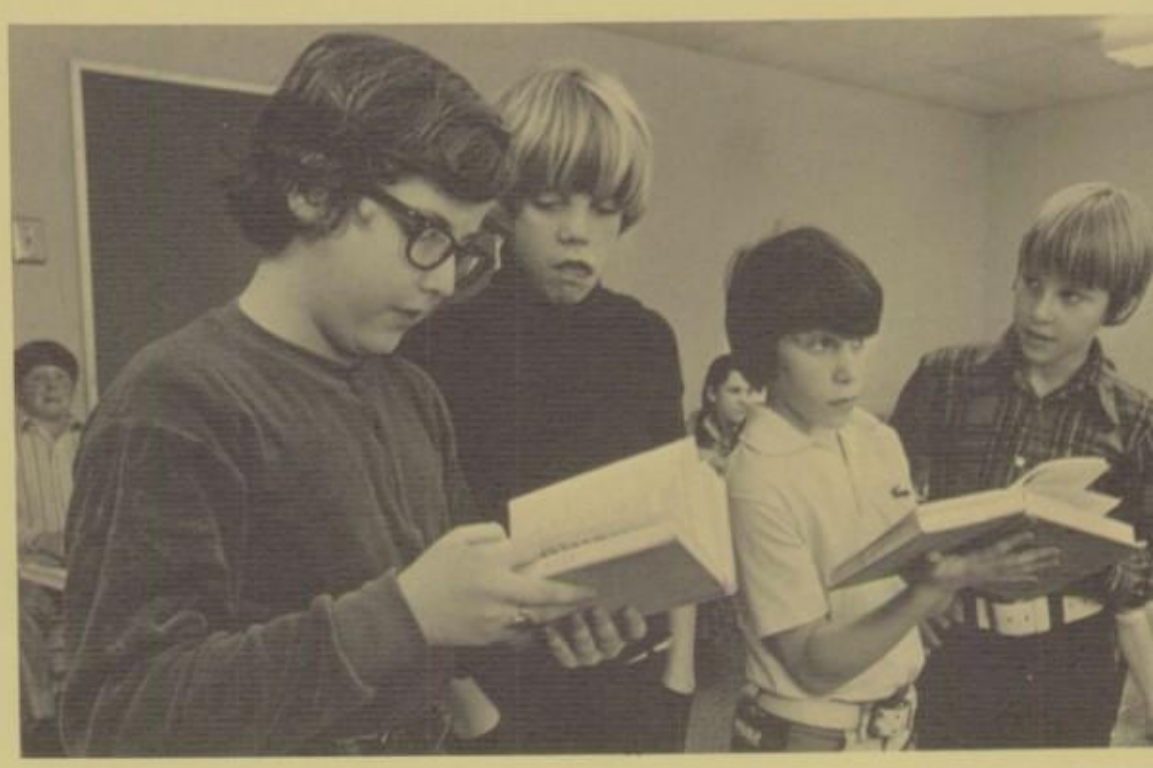


The boys and girls care for each other.

You can do
fun things in school.

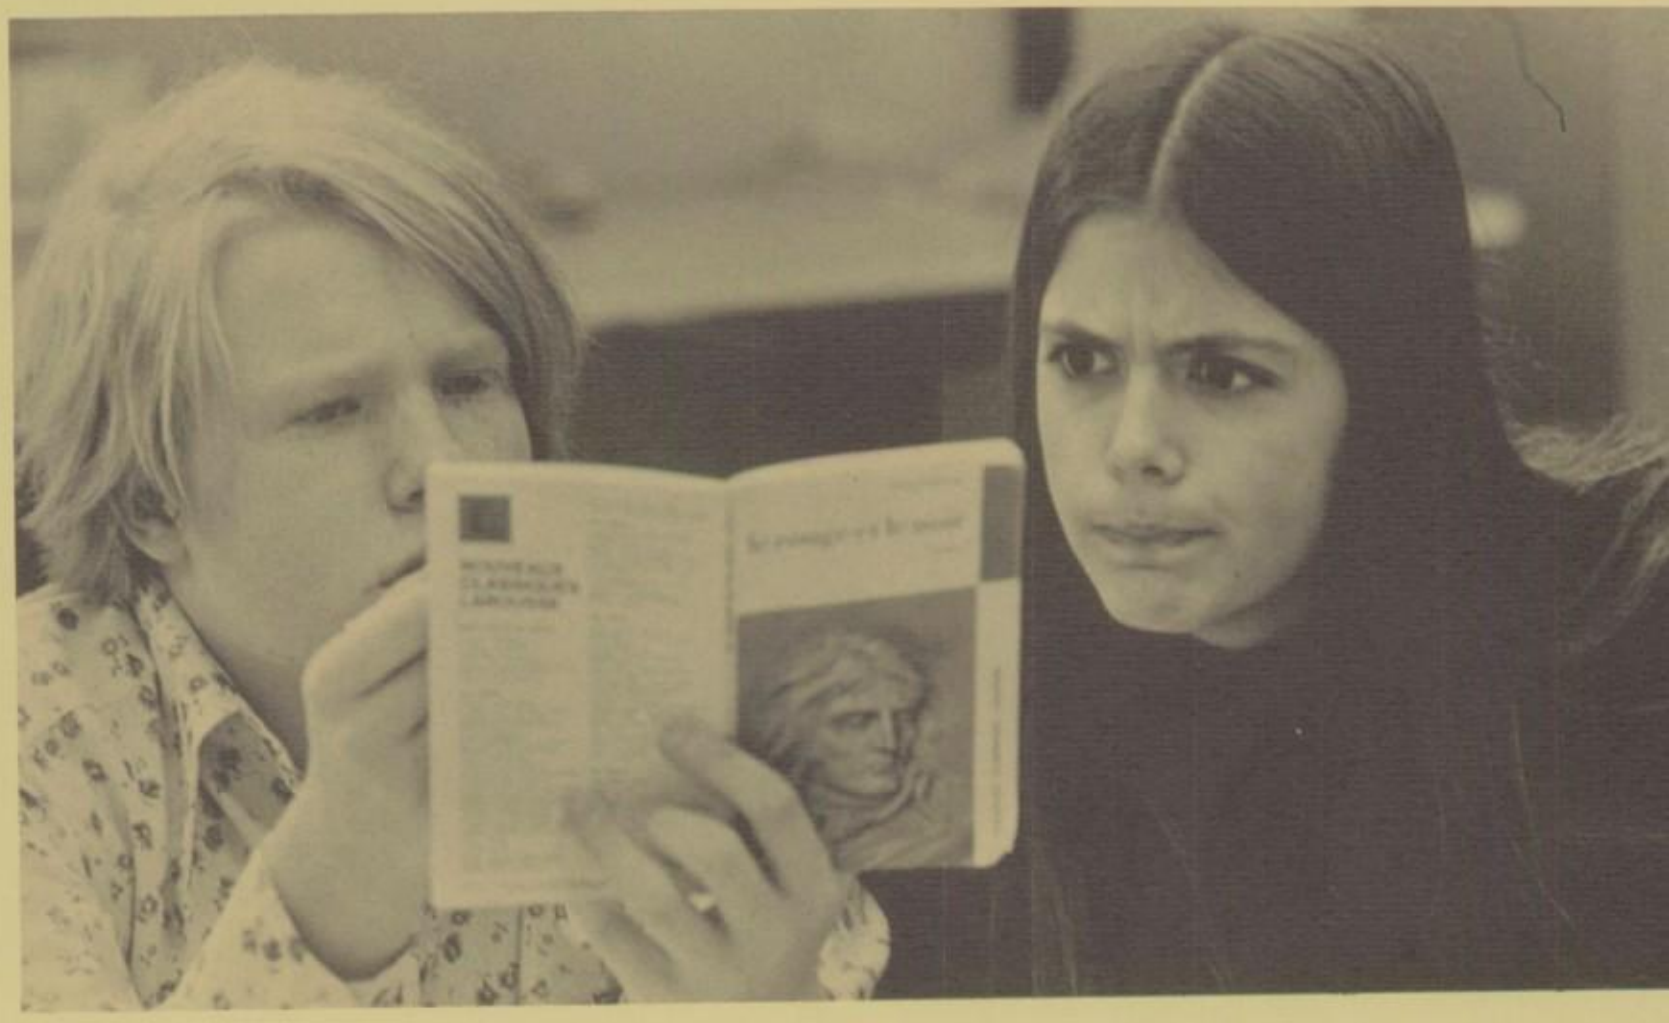


TO me pace is a place to learn



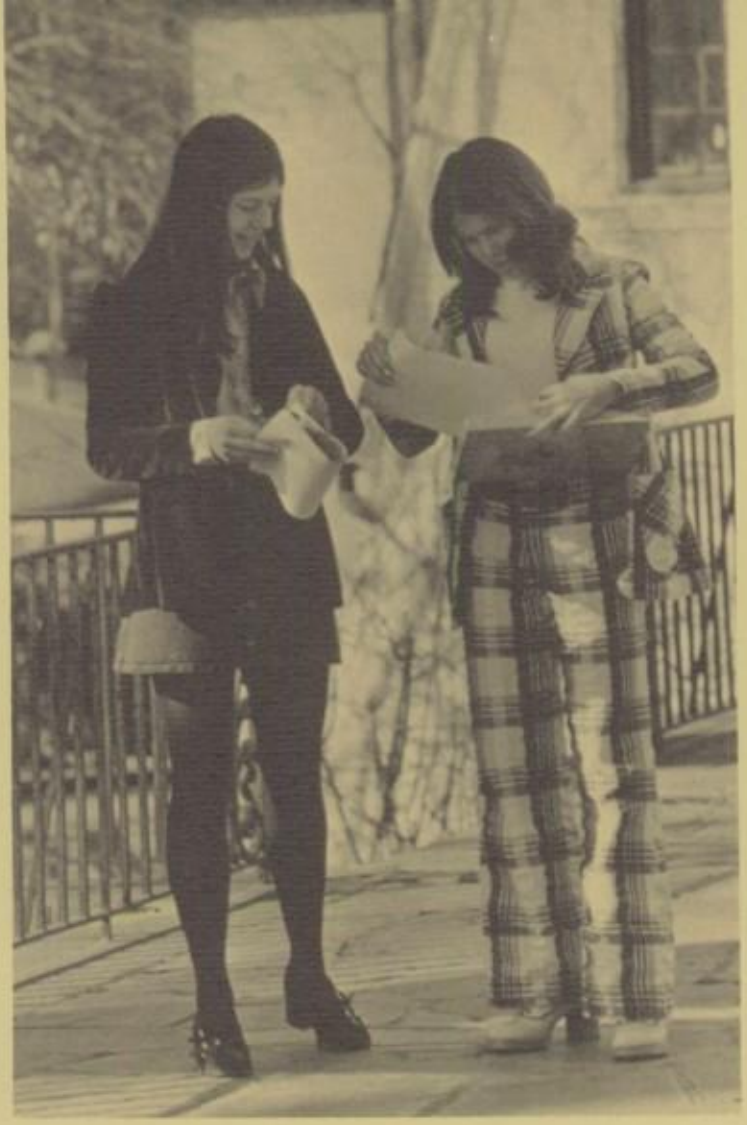
things good and not bad.

I think



that our teacher is really pounding
the stuff in our heads!

Pace has friendly people.
Wherever you go people (faculty
& students) say hello how are you.



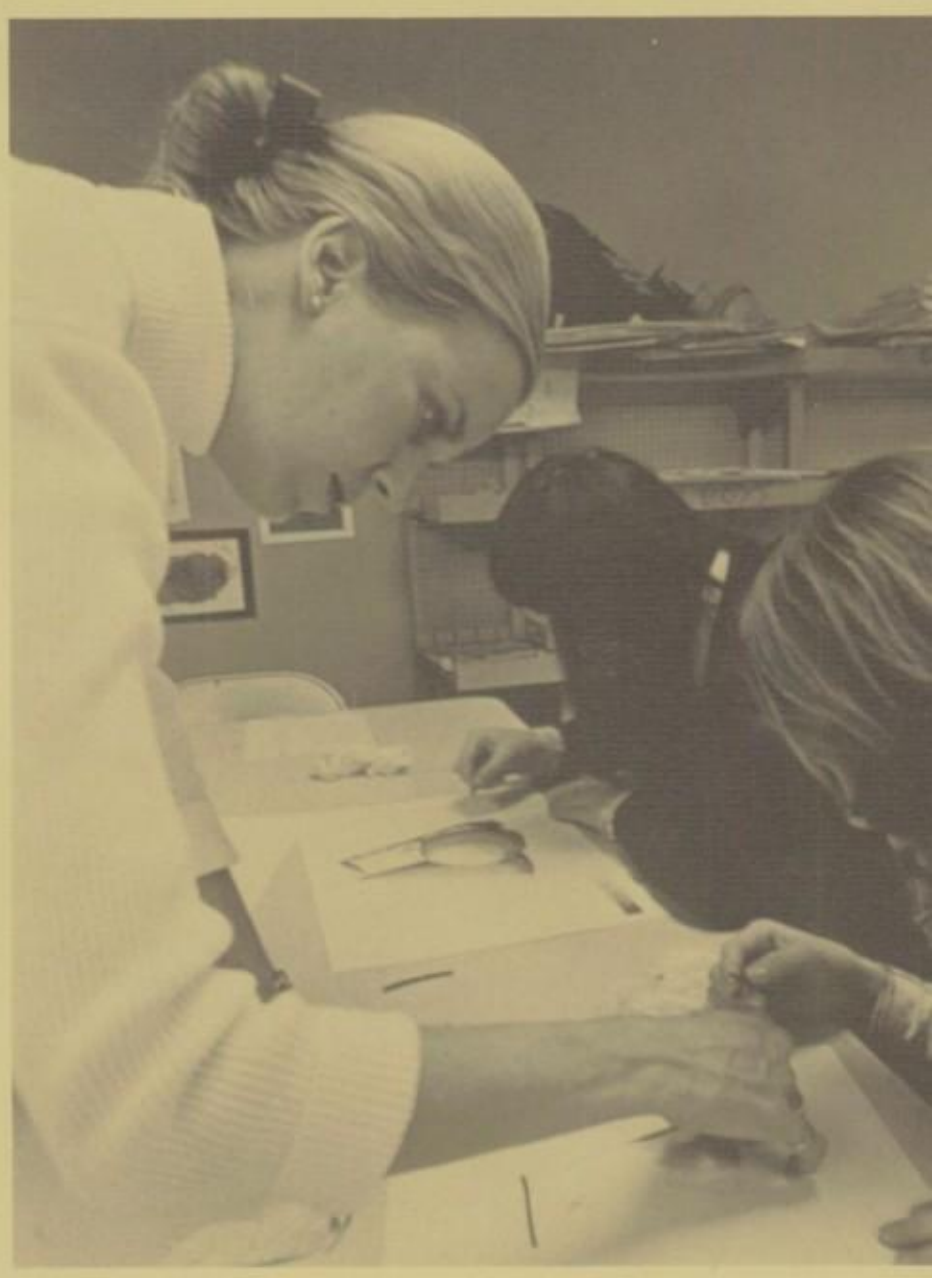
If you need some help in a subject you can go to a teacher for help.

Pace means people who care about you.

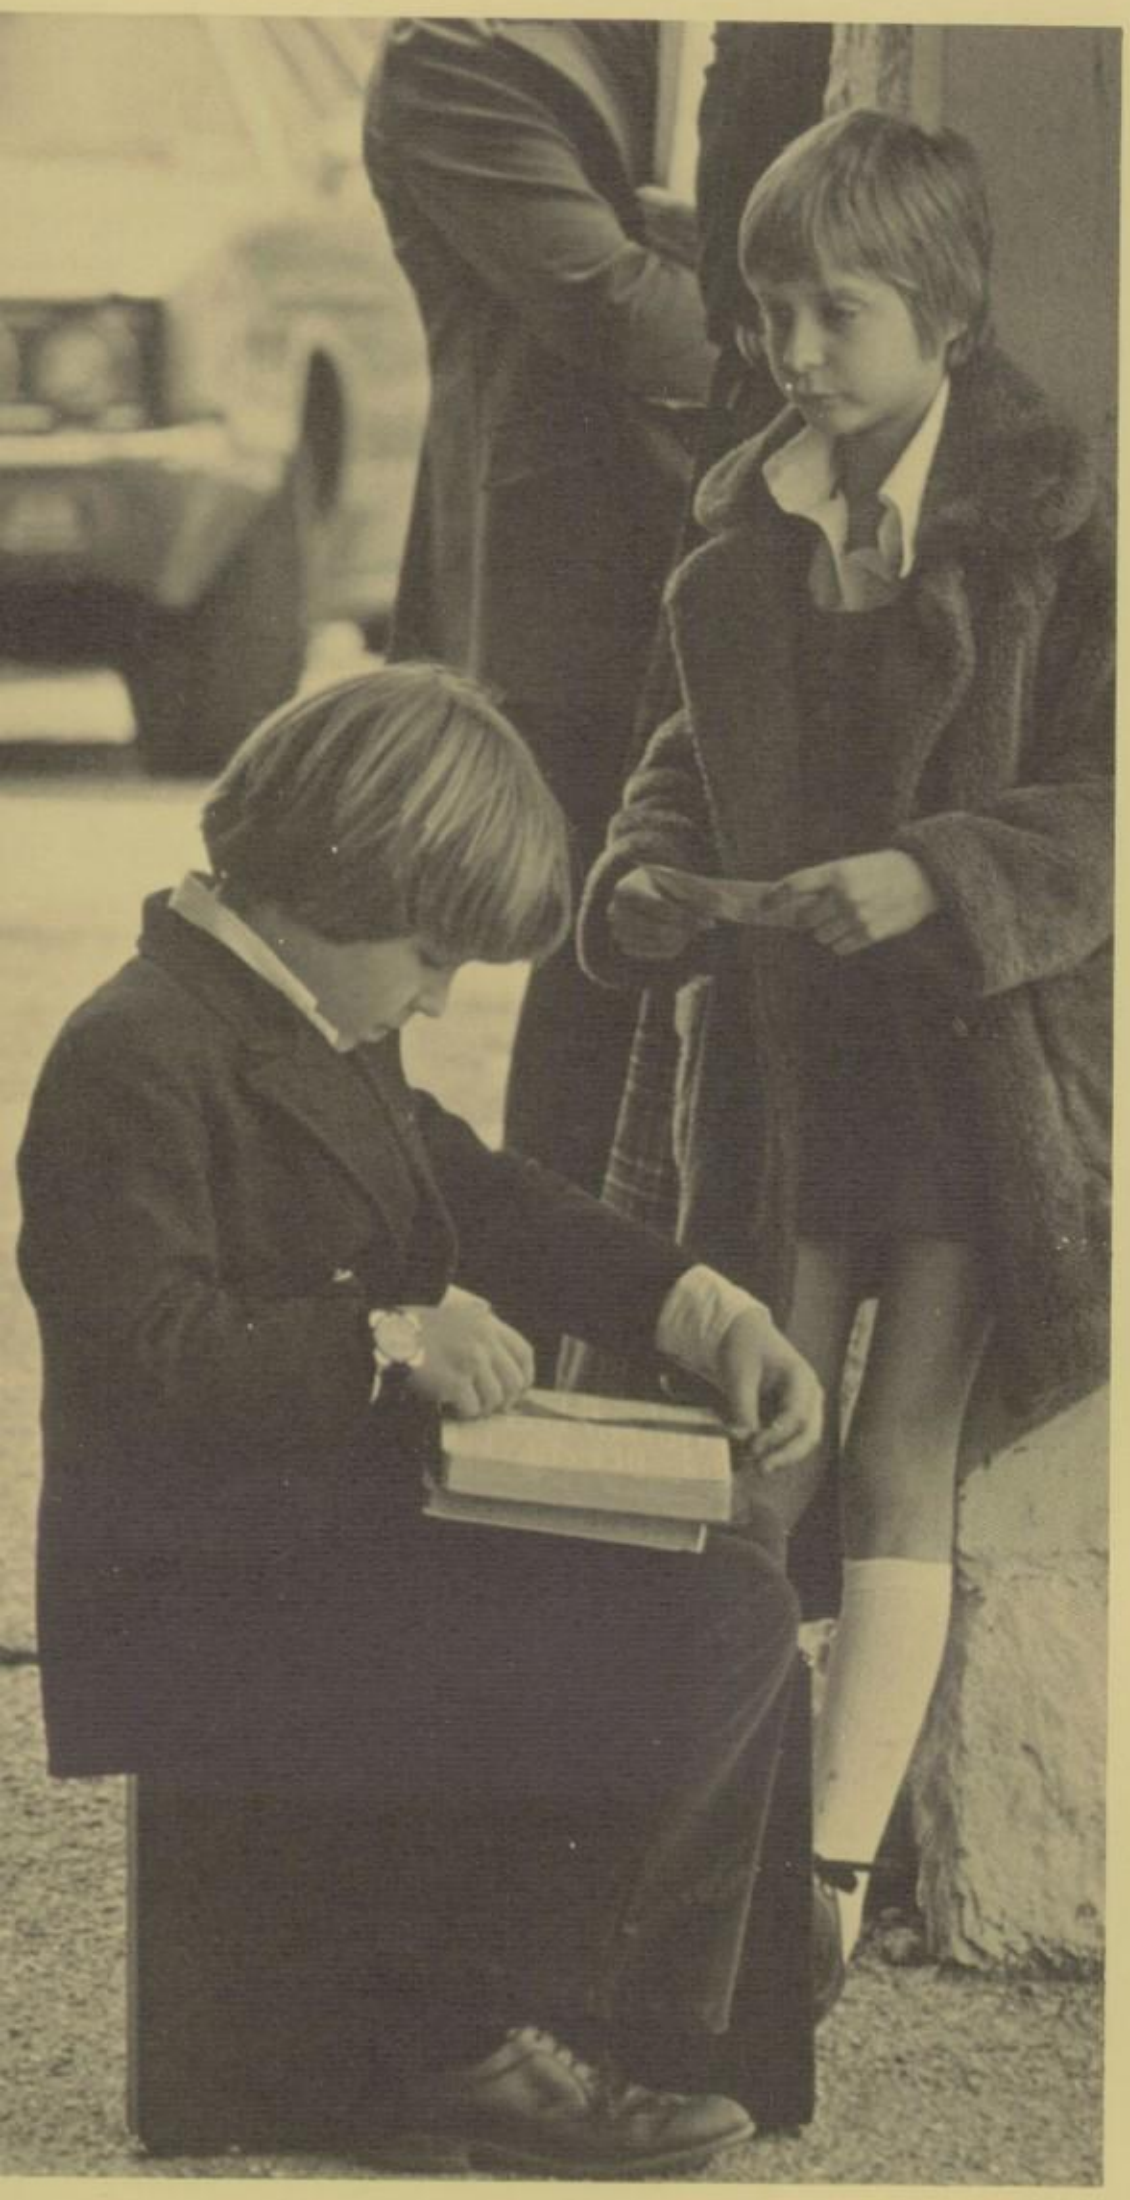
Pace Academy gives us
fun and games
at certain times

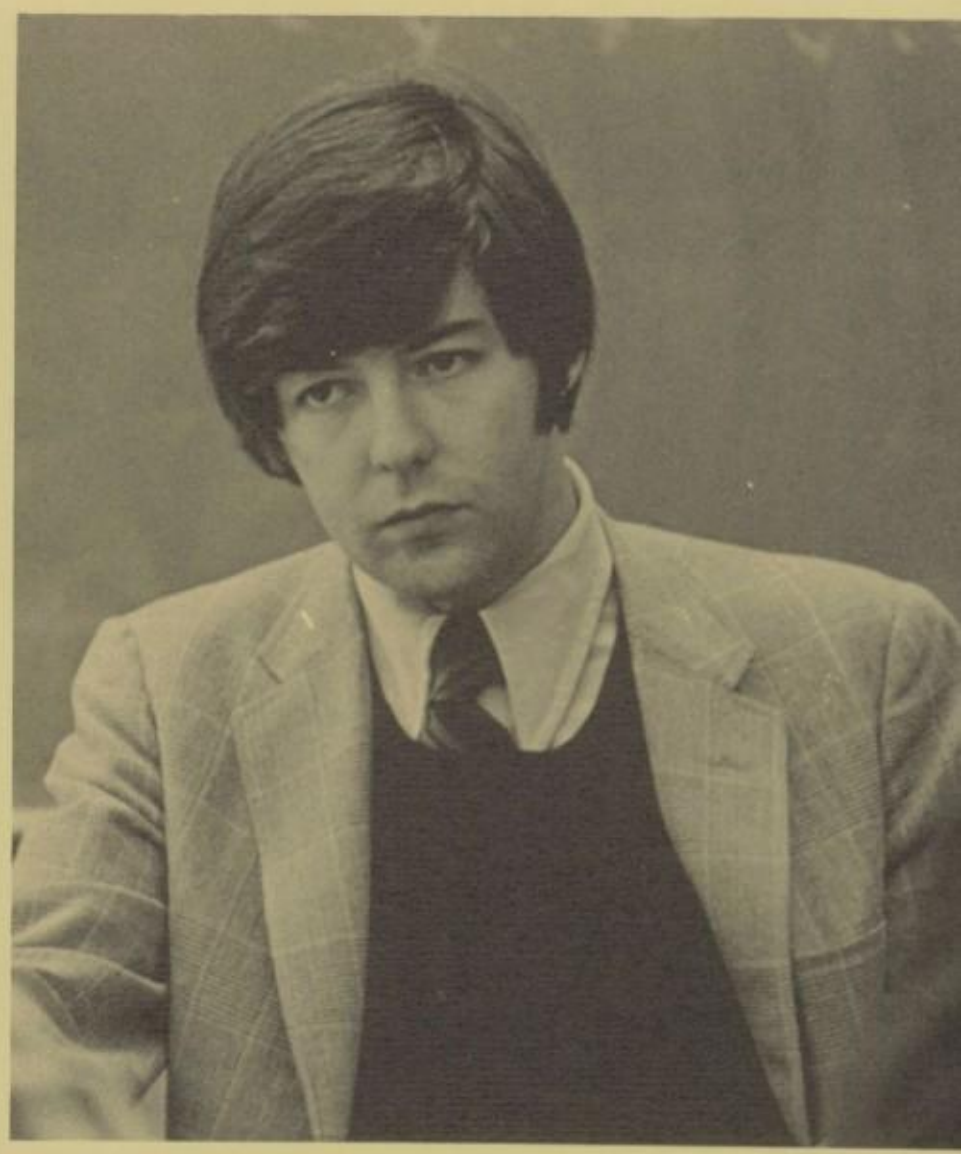
but after that
it's time to get
to business
and to do it well!

At lunch we can go threw the hot line or the Cold, which ever we like Dest.



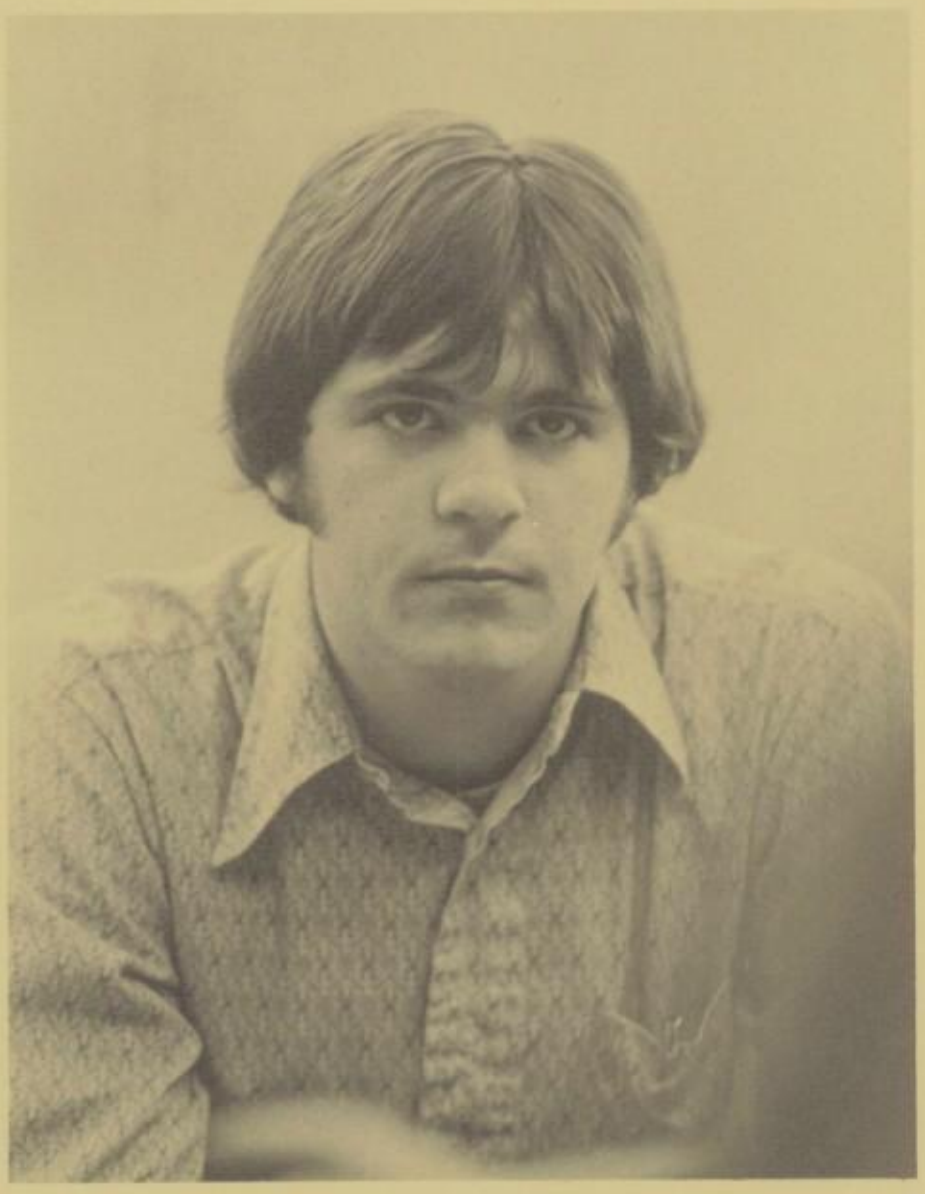
The high school has a lot of free time & study halls.



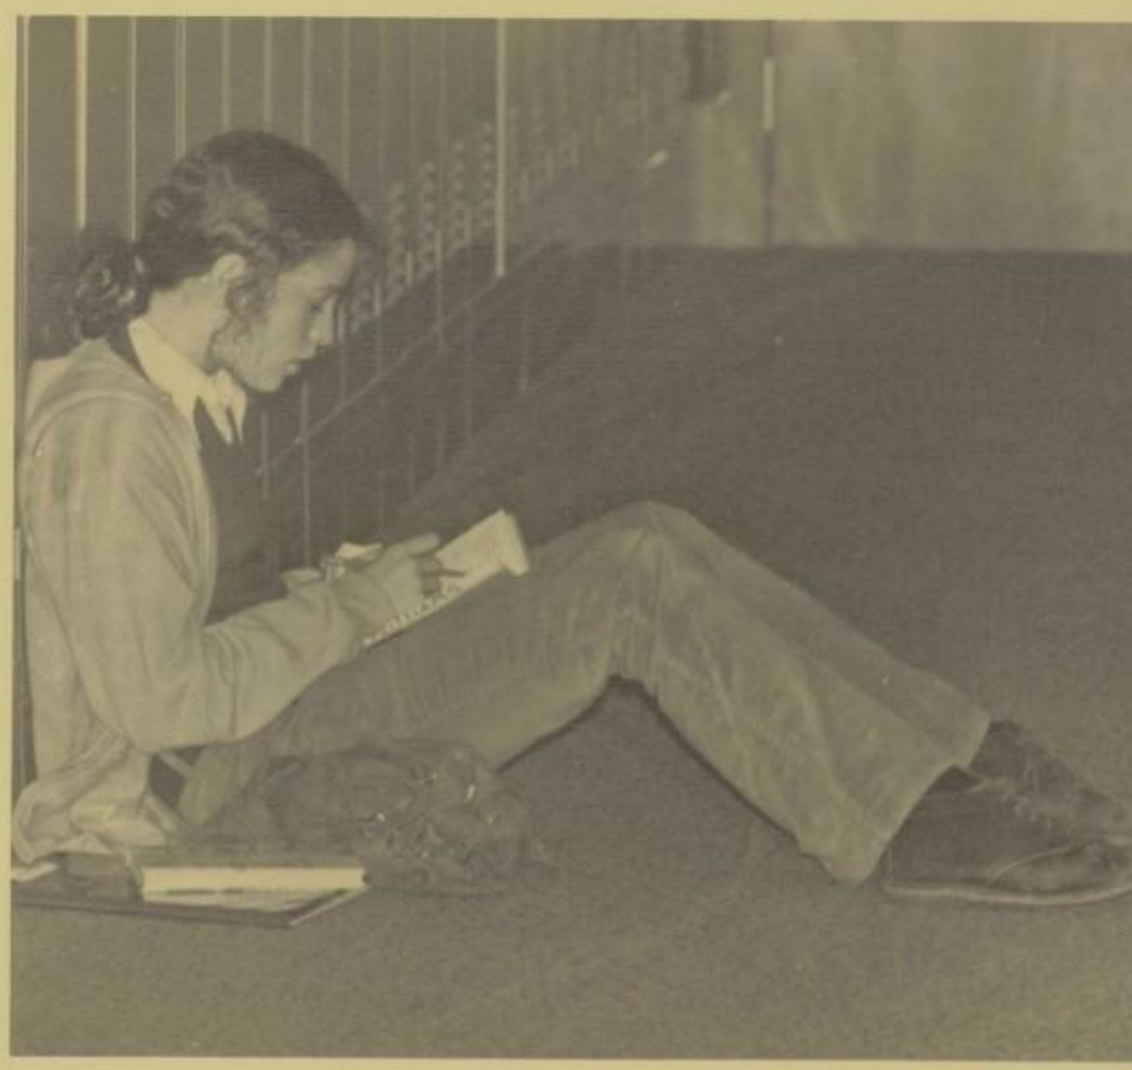


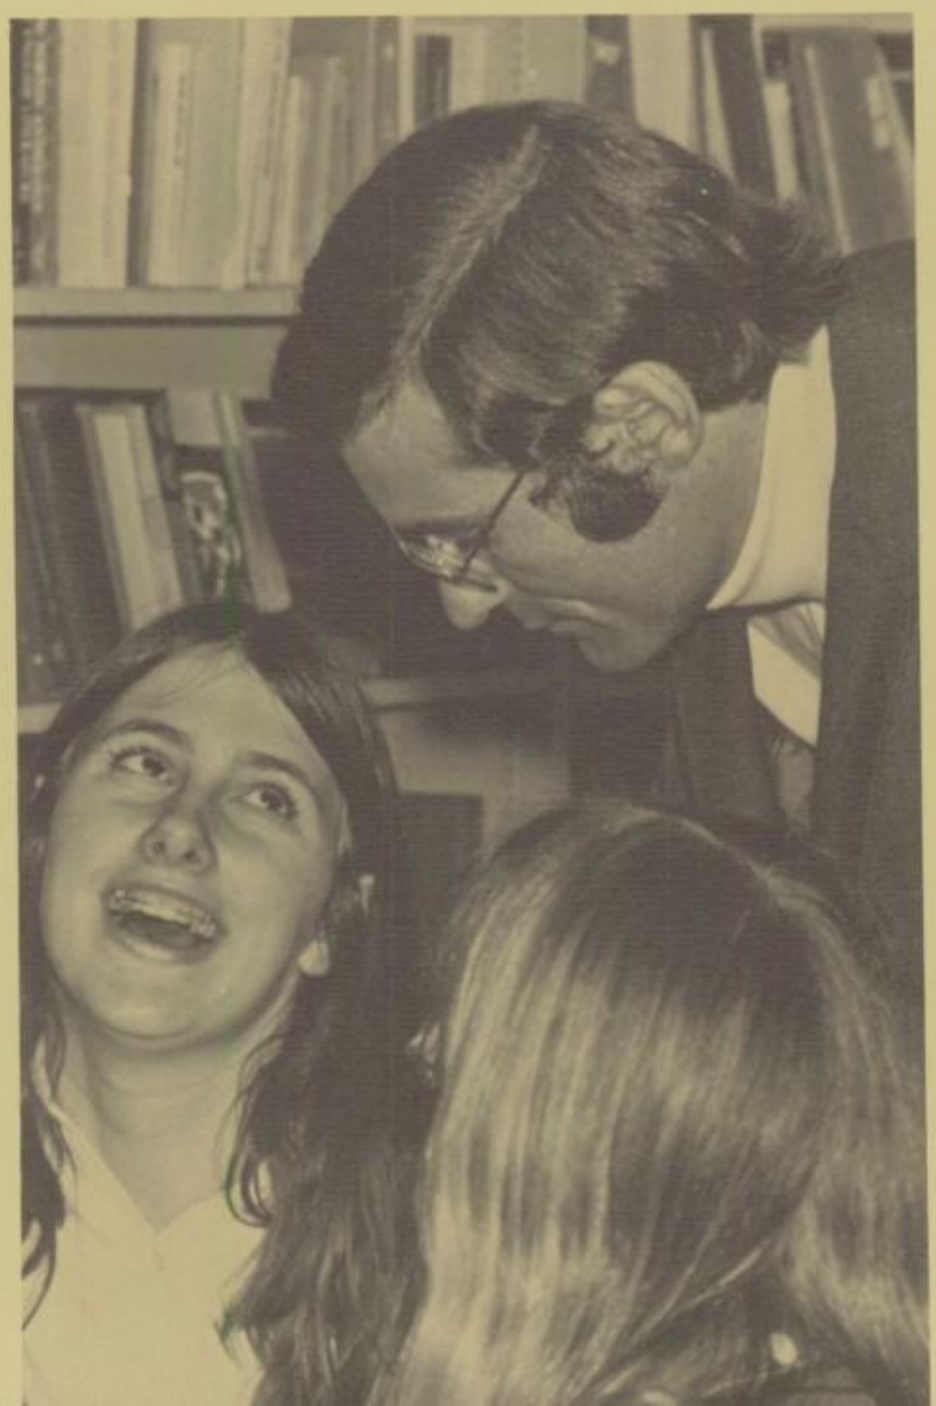
Sometimes days are
bad when I get a 55 on my Science test.

Peace means to me courage.



Pace means: study, learning,
and love and getting to know other
people





ACTIVITIES

Pace means having fun
in the activites we do.
I think that Pace gives you
more activities that you can be in.

This baseball year marked a season of reconstruction. We were fortunate to have several rookie players who worked diligently and showed marked improvement during the year. Our greatest loss is our three graduating seniors, David Chandler, Billy Dellinger, and Hank Mathis. It will be difficult to replace players of this quality. However, with twelve players returning and the experience gained this year our expectations are on another region championship.

Christmas Concert at Lenox Mall

The Pages

The Maids in Waiting

The Choral program at Pace began its own building program this year with two full time music directors, enabling every student 7-9 to participate in a performing group. Grades 7-9 combined to make up one of the largest mixed choruses in the city. The group ably represented Pace in a Christmas concert both here at the school and at Lenox Mall. Their most recent appearance was on the May Day program. Enhancing the choral program was a high school mixed ensemble of some 15 singers known as the Volunteer Ensemble. The members of the "Damsels" (girls trio) and the "Jesters" (boys quartet) were awarded membership in these small ensembles on the basis of musical aptitudes, talent, poise and stage presence, and the qualities of leadership necessary to represent the finest in Pace's musical department.
